

# Conisbrough Ivanhoe Primary Academy

## SEMH Hub

### Aims

- We will create a safe, nurturing, and trauma-informed environment where every child feels valued, understood, and secure.
- We will promote positive engagement and attendance by making the Hub a welcoming, supportive, and exciting place to be.
- We will deliver a broad, balanced, and therapeutic curriculum that meets the academic, emotional, and social needs of our children.
- We will enrich learning through carefully planned educational visits and experiences that support emotional development and curriculum learning.
- We will provide a variety of enrichment opportunities, supported by trusted adults and external specialists, to foster confidence and well-being.
- We will promote self-worth, emotional literacy, and mutual respect, helping children to build positive relationships with themselves and others.
- We will have high expectations for behaviour, underpinned by restorative practice, co-regulation, and co-created behaviour guidelines that reflect the children's voices and needs.
- We will support every child to reach their potential by promoting academic progress alongside tailored interventions to meet their individual social, emotional, and mental health needs.
- We will help children understand the importance of emotional and physical well-being, encouraging healthy lifestyle choices through targeted support and whole-Hub initiatives.
- We will ensure that children have meaningful opportunities to contribute positively to the life of the Hub and the wider community, fostering a sense of belonging and purpose.
- We will give children a voice in their learning and daily Hub life, ensuring they are heard and involved in decisions that affect them.
- We will keep parents and carers informed and involved in their child's journey through regular, purposeful communication and personalised support plans.
- We will actively involve parents and carers in the life of the Hub, seeking their views, listening to their experiences, and working in partnership to support each child holistically.
- We will ensure that all families feel welcomed, respected, and valued as part of our nurturing school community.
